

# Trivory

## Communication simplified

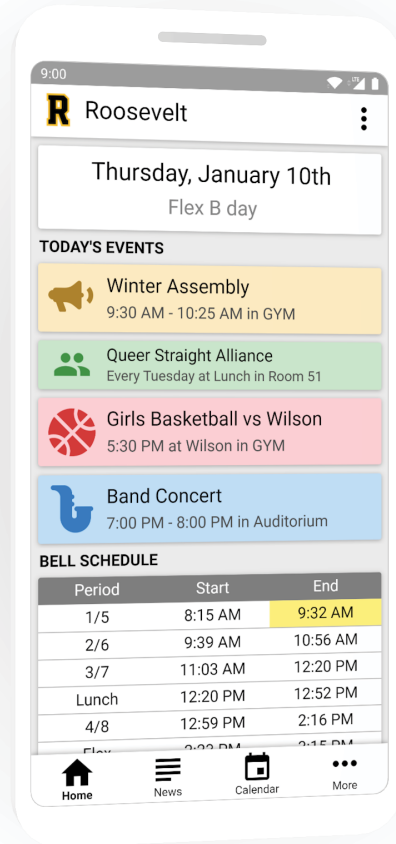

News

Calendar

Trivory makes it easy for students and families to stay in the know with everything going on at school by putting it all in one place. The app is designed to be easy to use.

The newsfeed allows you to create text, image, and video posts with links and attachments. The calendar makes it easy for students to find and participate in events and activities.

## An essential tool for students and families

Staff Directory

Schedules

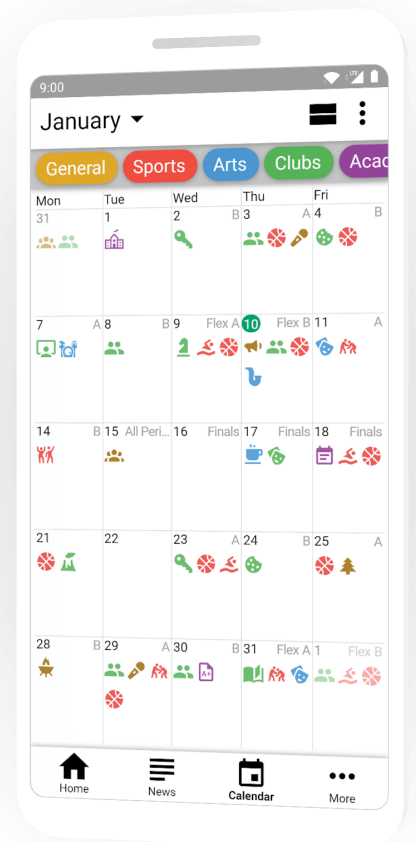

Bus Tracker

Links & Resources

Trivory has all the features that students and families love. The staff directory makes teacher contact information easy to find. The resources section houses important links and files, and information about programs and places.

# Meeting students where they are

iPhone & iPad

Android

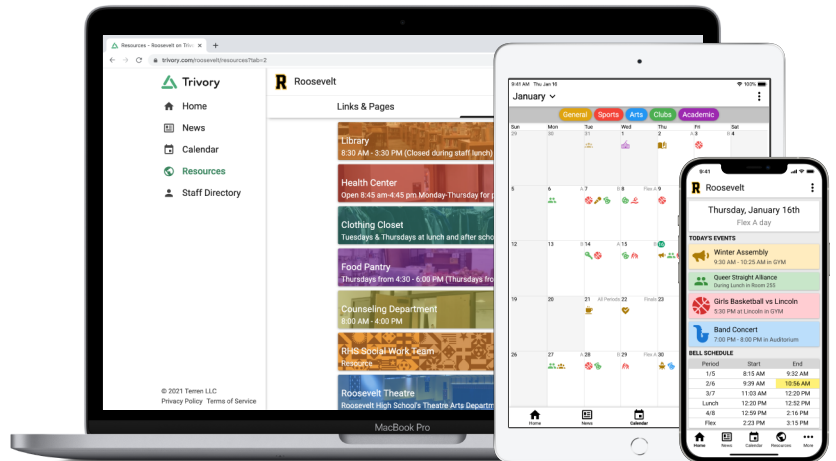

Website

Students and families are using their phones more than ever, and for everything.

Trivory gives your school a mobile presence, putting your content at their fingertips.

Trivory works across devices, and supports modern features that students and families have come to expect out of their apps.

## Increase student and family engagement with mobile notifications

Daily Notification

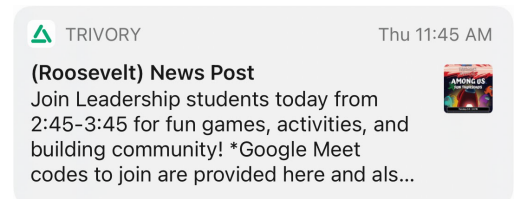

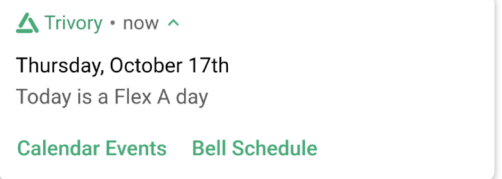

Reminders

Send alerts directly to phones, instantly.

Notifications can be sent for news posts, calendar events, reminders, and polls. Easily target notifications to certain groups or grade levels. Users can customize their notification settings.

The daily notification helps ensure students never forget if it's an A day or a B day.

# Trivory Dashboard

## Simple yet powerful

The dashboard is designed with schools in mind. Its intuitive and user-friendly interface makes it easy to update content.

It's easy to delegate access and set focused user permissions.

The dashboard is fast, and works across devices so that you can quickly update content on the go.

The screenshot shows the Trivory dashboard with a sidebar menu on the left and an 'Edit Event' form on the right. The sidebar menu includes: Home, News, Calendar (highlighted), Settings, Resources, Links & Pages, Programs & Places, Reminders, Polls, Staff Directory, Bell Schedules, Analytics, Feedback, Users & Access, and Audit Log. The 'Edit Event' form includes fields for Name (Textbook/Chromebook Distribution Ma...), Category (General), Icon (a house icon), Date (Single date, 10/20/20), and Time (Time range, 1:00 PM - 2:00 PM). A 'Cancel' button is at the bottom right.

## Understand and engage your audience

Easily define target audiences to make sure that information is sent to the right people.

Connect with your incoming freshmen, keep your seniors on track to graduate, and increase parent engagement.
